Happy Year of the Dog to all CALA members. Best wishes for a healthy, happy, and prosperous new year!

2006 has a very busy and fruitful start. More than 25 board members, committee chairs, and members attended both the special working meeting and the regular board meeting at the ALA mid-winter in San Antonio.

Following are highlights from the meetings and some significant accomplishments at the mid-year:

I. Three New Initiatives

1) Officer’s handbook - - In order to help new officers get a head start, an officer’s handbook is under development. Dora Ho, Amy Tsiang, and Holly Yu spear headed this important task. It includes a master calendar. The outlines have been completed and were shared at the board meeting in Chicago. The master calendar has been completed and posted to CALA website.

2) Best new books - - Many CALA members are interested in reviewing and evaluating newly published English books written by Chinese or Chinese American authors in the United States. This new initiative was proposed by Cathy Lu, and co-chaired by Yi Liang, Julia Tung, and Jia-Lee Li. Guidelines and criteria were presented at the midwinter Board meeting. More details to follow.

3) A CALA blog has been launched in the New Year. It resides at http://www.cala-web.blog.com. This is used for informal communication to post latest news from the ALA offices, award and scholarship announcements and recipients, significant accomplishment by CALA members, retirement, etc. I believe CALA is the only ethnic caucus to have a blog.

II. Other Accomplishments

1) Under Shixing Wen’s leadership, on-line payment has been implemented. CALA members can renew and pay membership dues on-line. Vendors are encouraged to pay for their advertisement electronically. With this new venue, payment is available 24x7 without geographical limitation.

2) CALA is growing steadily and so is the website content. Because of the complexity, the current server is no longer feasible to manage it. It was approved at the midwinter Board meeting to move the current CALA to a commercial web hosting site by BlueHost. Thanks to the fine work proposed by the Web Advisory Task Force under Holly Yu’s leadership. With the commercial web hosting, we will be able to manage on-line election, on-line payment and online directory, etc.

3) The revision and amendments of CALA Constitutions and Bylaws is underway under Harriet Ying’s leadership. Due to the nature of complexity and detail, they have been discussed online. A special meeting was called at the midwinter to finalize the discussion before the Board meeting. The revised constitution has been approved at the Board meeting. The revised bylaws will be discussed and put to vote on online in March. Once the bylaws are approved by the board, both revised Constitutions and Bylaws will be presented to the members at large for final approval.
4) The first Joint Conference for Librarians of Color (JCLC) fundraising is an ongoing effort. Each caucus was allocated 1000 raffle tickets. Each CALA chapter is responsible for selling a share of raffle tickets according to the membership ratio. 614 tickets have been sold by CALA, the second highest among five caucuses. At the midwinter drawing, a member of the REFORMA won both the $1000 grant prize and the $100 bonus. CALA treasurer sent a check to JCLC on CALA’s behalf. Thank you all for your generous support.

5) JCLC Planning Committee came up with 3 awards and 25 travel scholarships for students. The 3 awards are: the Best Author (five awards - one from each caucus), Distinguished Services Award (five awards - one from each caucus), Advocacy Award (five awards - one from each caucus), Travel Scholarship (25 scholarships - five from each caucus at $1000 each). Please see details, application criteria and forms at http://www.ala.org/ala/olos/jointconferenceoflibrariansofcolor/awardsandscholarships.htm. You can also contact Liana Zhou and Linna Yu for more details.

6) International Relation Committee, under Connie Haley and Susana Liu leadership, has proposed to fund a speaker from China, Hong Kong or Taiwan for the ALA-CALA annual conference. “Though American librarianship is strong in some areas, such as information technology, reference services, etc. 中港臺 librarianship is strong in other areas, such as preservation, and having non-librarian directorship. By bring 中港臺 librarians to the ALA-CALA conference, we can share professional experience and enrich our professional endeavor.” To help start this initiative, Connie donated the first seed money. The Committee suggested to work with the PR/Fund-Raising Committee to fund the speaker.

7) Sally and I were invited to attend the annual library conference on December 16, in Taiwan. We both presented at the conference. See details in Executive Director’s report.

8) An English editorial board has been formed for the official CALA Journal of Library and Information Science (JLIS). It will be responsible for generating and reviewing the English articles for inclusion in the journal. Sally and I attended a joint meeting with the JLIS editorial board in Taipei. It is agreed that to help cut down the cost, it will be available online. Current CALA members can access the full-text with a password.

III. Other Issue(s)

1) Both 2007-2008 ALA presidential candidates spoke at the CALA Board meeting. Please visit ALA website http://www.ala.org/ala/eventsandconferencesb/midwinter/2006/MW06-Sunday.pdf or candidates’ blog at http://billcrowe.blogspot.com/, and http://lorieneroy.blogspot.com/ (was not working when I visited on Feb. 3rd) for each candidate’s views.

2) Online Membership Directory – Minmin Qin is working with Shixing Wen to mount the membership directory online. This will make it easier to access the directory and to update the content.

3) Local Arrangement in New Orleans

Despite the hardship caused by Katrina hurricane, the Local Arrangement Committee is working very hard to continue our tradition to host an award banquet in New Orleans. Amy Su Liu is the local contact. She was evacuated from her home since Katrina hit in September, and just moved back to New Orleans in January 2006. The recovery is very slow, and yet, Amy unconditionally supports CALA and is making all the necessary contacts for us. Haipeng Li started the initial contact before Amy returned to New Orleans. Other volunteers are: Tina Soong, Dora Ho, Klairon Tang, and Ada Ding. Your efforts and enthusiasm are most appreciated. Please accept our heartfelt “Thank you!”

For details, please refer to reports submitted by chair of each committee or task force in this newsletter.

**JCLC Awards and Scholarships**

Liana Zhou and Linna Yu, representatives to JCLC 06, the Joint Conference for Librarians of Color, announced exciting news that CALA will have five (5) JCLC Scholarship recipients at $1,000 each!!! That is a total of $5,000 in Scholarships from JCLC this year!!! This is one of the most exceptional achievements in CALA’s history! Thanks a million to Liana and Linna for their extraordinary efforts, leadership and accomplishments for CALA!!! Congratulations!!! JCLC scholarships are made possible by funding from the National Library of Medicine (NLM), and will fund minority librarians, students or library staff, or those who serve minority communities to attend the conference in Dallas. I strongly encourage CALA members to apply for these scholarships. Not only will you have a chance to attend the JCLC Conference in October, but the JCLC
scholarships present special opportunities for 2006!
Please see also the JCLC report in this issue.

Please note that these JCLC scholarships are in addition to the traditional CALA scholarships, which have been announced earlier.

**Update on CALA’s Tsunami Fund**

CALA raised $3,940.00 and sent a check to the "Library Disaster Relief Fund” in care of Carla J. Funk, Executive Director, Medical Library Association. Carla is responsible for collecting all donations from U.S. library associations. In response to my inquiry in January 2006, Carla wrote to tell us on January 16, 2006: “We are still holding the funds that were contributed pending a report from IFLA about what kinds of needs libraries in the area have. We have been assured that this report is forthcoming. As soon as we get this then we can disperse the funds. I will let all donors know how the funds have been dispersed. Thanks again for CALA's contribution.”

**Update on CALA’s Hurricane Katrina Fund**

We have raised $1,155 for the CALA Hurricane Katrina Fund. Originally, we planned to send money to CALA members and to one or two libraries. Due to the limited funds raised, I recommended to the Board that we focus on helping CALA members who have suffered during this unprecedented disaster. As mentioned earlier, the Board and the Executive Board approved distribution of the fund evenly between Amy Su Liu, Co-Chair of the Local Arrangement Committee, and Laura John Rowland, an author, who were evacuees from the disaster in New Orleans.

I want to thank Dr. Margaret Fung, Nancy Hershoff, Anna Ho, Dora Ho, Esther Lee, Ying Liu, Lan Shen, Yongyi Song, Wendy Tan, Sally Tseng, Diana Wu, Hua Yi and Priscilla Yu for their generous donations to this CALA Hurricane Katrina Fund.

**CALA Listserv**

At the requests of some CALA Board members the CALA listserv was temporarily monitored during the summer to avoid personal attacks and misinformation. Netiquette should be followed.

**The Annual Conference of the Library Association of the Republic of China (LAROC)**

The LAROC Annual Conference was held on December 17, 2005 at the National Central Library in Taipei, Taiwan. ALA President Michael Gorman was invited as the keynote speaker. He spoke on a very important and timely topic, “Library Values in a Digital Age”. He also spoke at the National Taiwan University Library on “Cataloging Today” on December 18, 2005. Attendants were very excited about meeting and hearing President Gorman in person and were deeply impressed and inspired by his speeches. CALA members from the United States, who attended this meeting, included Ai-hua Chen, Doris Tseng, Sally Tseng and Diana Wu. Diana spoke on “Information Literacy and Lifelong Learning”, while Sally spoke on “Development of Resource Management in American Libraries under the Trend of Globalization and Digitization”. Eight more important papers were presented at the Conference together with lively poster sessions and systems exhibitions. It was a very productive and fruitful Conference! Ai-hua and Sally also joined the Post-Conference Tour to visit libraries and some famous places in central Taiwan. The LAROC Conference was very well-organized and thoughtfully arranged. The warm welcome and hospitality were very memorable.

Chapter Reports

California Chapter (South)

1. CALA-CA Program at 2005 CLA Conference

CALA-CA Chapter (South) had another successful program! At the 2005 California Library Association Annual Conference in Pasadena on November 7th, CALA-CA Chapter presented its program entitled “Bridging Cultural Gap: Library Services in User’s Language”. Five CALA members from academic, public libraries presented how to provide library services to user by Internet, as well as traditional means such as print and A/V materials. The presenters also discussed how to reach out to library users by providing contents that are appealing to those of diverse ethnic backgrounds using the languages that they are familiar with. Although the CALA program was scheduled as one of the very last of this year’s Conference, it was still well attended with a full house of audience and overwhelming responses.

Immediately after the Program, we hosted the annual CLA/CALA-CA Fundraising Banquet in a Chinese restaurant in Pasadena. Due to the success year after year, this event has become a CLA/CALA-CA tradition that attracts many CALA supporters. Our honorable guests among 90-some attendees include Michael Gorman, President of the American Library Association, Susan Hildreth, the State Librarian of California, Susan NeGreen, Executive Director of California Library Association, Danis Krimeier, President of California Library Association, Sandi Novoa, District Librarian of Los Angeles County Library, Jan Sanders, Library Director of Pasadena City Library, Luis Herrera, City Librarian of San Francisco Public Library, Diana Wu, CALA President, and Sally Tseng, CALA Executive Director. As always, everyone at the banquet had a very enjoyable evening. Besides authentic Chinese food, exciting entertainment and meeting old and new friends, we also had numerous delightful door prizes for our guests thanks for the generous donation from the CALA-CA South Board members and our long-term supporter, Evergreen Chinese Bookstore in Monterey Park.

Since February 2005, CALA-CA Chapter Board (South) members had worked diligently for this program. Our sincere thanks go to board members, Kuei Chiu, Yongyi Song, Ying Xu, Xiwen Zhang, Ying Liu, Wenwen Zhang, Maggie Wang, our volunteer, Zhuo Wang and especially to Sally Tseng, for their hard work and tireless support.

2. CALA-CA Chapter (South) Future Program Planning

South Board members is planning a Chinese Film Festival for its spring program. The tentative location will be at the San Gabriel Library in San Gabriel city. The board members are working on selecting films and guest speakers for this program.

Greater Mid-Atlantic Chapter Report

The CALA-Greater Mid-Atlantic Chapter co-sponsor with the Library of Congress Asian Division held our Annual Fall Program on October 27 at the Library of Congress. We were able to invite Sally Tseng, CALA Executive Director, to come and present a workshop on “Metadata, and Their Applications to Resources” to the local Chinese Librarians.

This topic is highly professional and intellectual and yet we have drawn close to sixty audiences from local and the vicinity as well. GMAC don’t usually conducted a workshop in Chinese, due to the fact of the subject content, and because our goal is to better serve our member’s need, therefore, our Program Chair come up with the idea to conduct the workshop in Chinese to better serve our member and all professional friends and colleague.

It was announced that our local chapter have agreed to take active mode to expand our services to promote the Chinese culture to the main stream, and we need to increase the Board member to meet the need of our plan. Dr. Hwa-wei Lee, Chief of the Asian Division, Library of Congress is a long time friend of our key note speaker and also our co-sponsor of the program, is the most ideal person to introduce Sally our honorary speaker.

Sally prepared power point presentation, bilingual terms and terminology handout for this workshop. Sally points out that we are entering a global virtual library era for information. The traditional cataloging will no longer serve the purposes, instead, the Web-based catalogs will link to millions of resources on the World Wide Web. How to conduct an effective search is based on how the information is entered (cataloged). It has become clear that the Name Authority Control will play a much more important role in the future (catalog). Sally Tseng and many others have foreseen the problem and need and started researching to work out a way to resolve the problems that we are all facing (is on its way). This workshop introduces and describes “Metadata” and the development of the “Functional Requirements for Bibliographic Records” and its impact on the future development of the Anglo-American Cataloging Rules
Midwest Chapter Report

The CALAMW Chapter’s goal this year is to benefit members with extensive professional development services. We strive to provide more opportunities possible to students, new librarians and those who need help. The Chapter’s focus is on mentorship, annual program, member services, and Web development.

To reach that goal, six committees are formed: Archives, Membership, Program, Public Relations, Web, and State Contacts. Each committee has about three people including the chair. Most chairs are experienced with committee work, while most committee members are new either to committee work or association/profession. Hence, at the Board level, a structure of mentorship has been established that helps create a nurturing, caring and networking environment and culture.

The first Board meeting was a telephone conference. It was very productive and thus kicked off the Chapter work in an effective manner. At the meeting, chairs and Board members presented a lot of good ideas, proposals, and comments. All agreed that we will do our best for the best interest of our members. According to the meeting, each committee came up with a proposal and timeline of their committee work. Chairs are charged to lead their teams and collaborate with other committees.

Besides the work within the Chapter towards the goal, some Chapter members worked together to explore more possibilities at the national level. A proposal has been submitted to ALA for Wilson Professional Development Grant. The award is $3500 and will be announced at the ALA Annual in Orleans. We sincerely hope we get it.

Many thanks to those who have helped at the program including all Chapter officers Anna Ho, Cathy Yang, Tammy Wang, Ming Poon, Yu-Hsiu Wang, and E. Huang.

preparing a new member package that includes CALA history, mission, welcome speech from President, member benefits, etc. So far, there are three new members and two life members of the Chapter since July 2005.

Program Committee

Chairs This team is consisted of 12 talented members led by Haiwang Yuan. Some preliminary discussion has been undergoing on the location, keynote speakers, panels and time. Some specific arrangements are under consideration. More details will be rolled out after the Midwinter. It promises to be a very exciting annual program this year. A local arrangement committee will be appointed as soon as the proposal gets through. All other committees are going to work together and contribute to this very important event. At the program, it will be a good opportunity for the Chapter to highlight its goals and objectives. A lot of efforts and energy has been put into it and it is hoped that our members will benefit from it.

Public Relations Committee

Shuyong Jian, the chair, has successfully sold 36 JCLC raffle tickets alone. Under her strong leadership, the group has worked very diligently and achieved a lot in a short time. They have worked with the Membership committee in promoting MW to new and prospective members; preparing a welcome kit for new members; and getting ready for a promotional package for prospective members. They have helped update the Chapter brochure, and worked with the Web Committee on the Chapter’s Website. They have been looking for ways to raise funds, publicize the Chapter/Association, and increase the Chapter’s visibility. The team is looking forward to working with the Program Committee on the upcoming annual program.

Web Committee

Jen-chien Yu is a very enthusiastic and talented chair. She is very well accomplished with her team and committee work. The group has submitted a very comprehensive proposal on Web hosting. It’s proposed that the Chapter pays for a hosting service so it becomes available for the Web Committee to update the website and carry out their work. They have created a blogger for the Board and members to improve the communication. They act as a resource on electronic communication technology, and have made great recommendations to the Board. The team has evaluated the current website, updated many pages, and worked with other committees developing the content. With this strong team, the Chapter is hoping to see a new/fresh, informative and dynamic website soon.

State Contacts

State Contacts are liaisons from each State. The Board depends on them connecting Chinese-American librarians at a local level. Some gatherings and casual meetings need State Contacts to facilitate and organize. They play a big role in the Chapter’s recruiting effort. Some State Contacts have been very active as linkages between a State and the Chapter. They have brought up some state level issues; helped identify and recommend individuals within the State who would serve as next State contact; and answered questions on the Chapter’s behalf regarding CALA librarianship. Moreover, they assist with the effort of compiling Mid-America Chinese Resource Guide; publicize CALAMW to local agencies and organizations, and work with PR Committee on fundraising.

Other projects

Another effort and accomplishment to report is the Mid-America Chinese Resource Guide created by Vickie Doll at: http://www.lib.ku.edu/eastasia/calamwrg/new/Contents.shtml. This Internet resource is a great resource for our members. It provides complete coverage of information related to China originating from the Midwest area, and China related resources to the Midwest for learning about China. It has each state's history, business, culture, education, medicine, religion, private societies, and government organizations that have a significant focus on China. It promotes usage of Midwest area museums, libraries, cultural centers, conferences and events with a Chinese focus. Each entry is annotated with a contact person, address, phone number, email and home page if one exists for the organization. There are also links to worldwide information on China and Taiwan promoting understanding of Chinese language, history, and culture, from academic, government, business, and cultural information sources.

However, the fact remains that so few Asian American librarians are able to move up to top administrative positions in major academic, public, research, and special libraries.    “Working Together, Walking Alone”
   Ms. Wong will explore her personal and professional development as the first Chinese American member of the ALA Executive Board; her roles within CALA and the Asian/Pacific American Librarians Association at the local and national level; her experience in collaboration with the other ethnic affiliates: REFORMA, BCALA, AILA; and the sometimes narrow view of her professional and personal reputation as a Chinese American female, within Library culture, and even sometimes among those whom she considers her peers. She would like to emphasize some of the trends she sees in the future for Chinese Americans within librarianship - a blending and blurring of the lines related to ethnic diversity in consideration of qualifications and contributions - and some of the quota aspects that can become unspoken factors in hiring and decisions related to selections; and how ones personal choices in terms of identification can affect perception.

Finance Committee

The Finance Committee is pleased to report that CALA has another strong financial year. Thanks to Dora Ho for providing us the financial reports.

Thanks also go to the generosity of many CALA members. We have collected $1155 for the Katrina Relief Fund to be used upon the decision of the Board.

For the past six months, since our Annual Conference, we have received over $3,475.00 from membership dues, including over $2,100.00 from life memberships. Advertisement on the web continues to do well; we have generated $2255 in the last six months.

We have not made an investment move yet due to the uncertainty of the market, and the fee and procedures of the investment. Vanguard Index continues to be one of the final choices in investment that CALA will eventually go with.

International Relations Committee

The CALA/IRC suggests funding a speaker from China-Hong Kong-Taiwan for ALA/CALA annual conference. Though United States librarianship is strong in some areas, such as information technology, reference services, and freedom of access to information, China-Hong Kong-Taiwan librarianship is also strong in some areas, such as non-librarian director, i.e. a director with a computer science degree.

By bringing China-Hong Kong-Taiwan librarians to CALA/ALA conference we can share professional experience and enrich our professional lives. Here are our objectives:

- Seeking enough funds for China-Hong Kong-Taiwan librarian speaker from foundations, corporations, private sources and member contributions;
- CALA IRC donates $100 as seed money for the China-Hong Kong-Taiwan librarian speaker;
- Allocating sufficient resources to support the China-Hong Kong-Taiwan librarians to present at the CALA/ALA conferences;
- Investigating and establishing criteria and priorities to guide CALA IRC decision-making regarding speaker selection.

Membership Committee

The CALA Membership Committee 2005-06 is consisted of: Minmin Qin, Lily Chen, Nancy S. Hershoff, Jiuin Kuo, Sue Lee, Haiying Qian, and Zheng Wang. This committee report covers projects done by committee members from July 1, 2005 – December 31, 2005, plans to be accomplished in the next months, and proposals of new programs and change of policies for Board review.
**Membership Database verifying**

This project is to contact all members to verify their status and to get their up-to-date contact information, which will be used as the original source of next year’s directory printing. Coordinated with each chapter, membership committee members have made a prominent effort to accomplish this project via email and telephone. CALA membership data has been modified according to the latest up-to-date data collected. As for those members who failed to contact us because of an unknown reason, our membership committee is trying to get in touch with them.

**Membership Directory Chinese characters** -- We received a concern about if our membership directory should have members’ name in traditional or simplified Chinese. To reflect the preference of members, we input new members’ Chinese names to match what they filled in their original application forms, either traditional or simplified characters. The previous members’ Chinese names are kept as what they are. Any further change will be made based on the member’s own request.

**New queries of Membership Database** -- In order to sort and track member status easily in each chapter, queries are created in Membership Access Database; for example, qryCA_Total, qryCA_Current, and qryCA_Inactive are used. Once the content in the main table is updated, contents in these queries will be updated automatically.

**Extension plan of life membership promotion** -- The board approved the plan to extend the deadline for Life Membership Promotion Program from December 31, 2005 through March 31, 2006, which means that new life members in 2005-06 pay a reduced fee of $300 during our special promotion period 7/1/2005-3/31/2006.

**Projects in process and proposals for review**

**Membership Payment coverage** -- The Bylaws of CALA Section 3 Membership year states that “Annual membership dues cover the full calendar year. First time new members joining after July may pay half the annual dues for the remainder of the calendar year”. We received a concern from a group of members about if a membership renewal fee paid in November can covers all 2006 calendar year. After discussion, we agreed this group’s membership renew fees submitted in November will cover 2006 full calendar year, and agreement is noted at CALA membership database.

**Proposal:** The Committee recommended to add an amendment of CALA Bylaws Section 3 on Membership year as “new members pay after December 1 will receive one month’s free membership” as the previous committee suggested.

**Membership renewal and new life member recruit** – Membership committee members will work with all chapters to invite CALA members (except life members) to renew and pay for their 2006 membership dues, as well as encourage member to bring new members to CALA. Committee member for MW chapter has drafted an invitation letter and has used this letter to invite new members in MW chapter. In January, an invitation letter will be sent out to the CALA listserv reminding everyone to renew their membership, recruiting life members, and announcing the extension plan of life membership promotion.

**Print Directory** -- Search of proper printing vendors are in process. We contacted Fellows Press of America, Inc. to explore if its service would match our needs. This option was excluded since the Fellows Press only processes digital printing. With a help of the current CALA president, we have focused to look for a potential print press local in Bay Area. It is expected that we may find more than one print presses for the purpose of comparison.

**Plan to print 750 copies in June 2006. 692 copies are sent to CALA current members and life members. 58 extra copies are for potential new members, CALA President and Executive Director. Content and format of the directory will be discussed within the committee. The final draft will be sent to Board for review, tentatively in February 2006.**

**Directory on web site** -- This is an ongoing project that the Membership Committee and the Web Advisory Committee are collaborating on. The first step of our investigation was accomplished with a help of an educational media developer at Stanford University. After an investigation on the possibilities of this project, we concluded that Open Source Software designed and hosted by professional web hosting would be an appropriate solution.

**Proposal:** We suggest finding a professional web hosting who will design and maintain our web-based database by using Open Source Software in the development of this website in order to avoid being too highly reliant on a proprietary solution and eliminate the software purchase expenses. A further discussion needs to be planned shortly.

**Appendix of Membership Committee Report**

This is an appendix of Membership Committee Report regarding the section of **Directory on web site.** Putting membership directory online is an ongoing project that the Membership Committee and the Web Advisory Committee were collaborated in the last fiscal year and are continuing this year. Having conducted an investigation on this project, we are submitting a
proposal of bidding for a professional web hosting service provider who would design and maintain our web-based database.

**Current situation of Membership Database:**

CALA membership committee has a membership database created in MS Access. This database was originated from a previous year membership committee. The information of CALA membership renewal, address changing, and new membership is collected via following two channels:

- Online form. Members input their information via online form listed at [www.cala-web.org](http://www.cala-web.org); its web administrator (currently Shixing Wen) would notify Membership Committee Chair with the updated information via email.
- Print-out form. Members fill out print-out application forms and mail them to Membership Committee Chair, who updates the information received on MS ACCESS and makes announcement to CALA listserv monthly.

The Member Update Form, Membership Online Payment Form, Membership Directory (text version), and membership database in MS ACCESS are independent of each other. Input via online forms is synchronized with the membership ACCESS database manually.

**Proposal:**

The purpose of putting the membership directory online is to keep the entries in the membership database up-to-date, automatically synchronizing the input of the Member Update Form, and Membership Online Payment Form with the content of the membership database. In other words, it is expected that CALA members are able to access and input their information to the membership database via the Internet and all input online is transferred and reflected at Membership directory automatically.

Two phases are considered to achieve the above goal for this project:

1. **Phase One:** Test membership directory on-line with close to up-to-date information.

   Once in a month, the membership committee will send an up-to-date version of the membership database in MS ACCESS format to the web administrator via email. The web administrator will publish the content, in text, of the membership database on-line.

2. **Phase Two:** Develop online membership directory

   We suggest to use the Open Source software in the development of this website in order to avoid being too highly reliant on a proprietary solution and eliminate the software purchase expenses. It would be an option if we can find a developer who can design our MS ACCESS into an interactive online database, for example MYSQL file, to match our needs in different privileges and interactive with other online forms. Following are two examples found via browsing on Internet:

   - [https://my.odesk.com/console/g/?filter%5BProfileData%5D=php&action=Professionals&search_button.x=1](https://my.odesk.com/console/g/?filter%5BProfileData%5D=php&action=Professionals&search_button.x=1)

   Maintaining the on-line membership directory can be either provided by its original developer, or by another developer with necessary expertise.

   The hosting of the directory can be provided by the current host for [www.cala-web.org](http://www.cala-web.org), or by a public web hosting service provider, for example, one of the top 10 web hosting listed at [http://www.top-10-web-hosting.com/](http://www.top-10-web-hosting.com/).

**Mentorship Program Committee**

During the ALA midwinter conference in January, I had the chance to talk with Carol Gee who is the Mentorship Program coordinator for the Northeast Chapter. We exchanged ideas and experiences. We both felt that this program, when implemented at a national level, is very labor intensive and challenging.

Last November, four members from the Midwest Chapter collaborated and submitted a proposal for the Wilson Grant. The topic is: Overcoming Cultural and Professional Barriers, Advancing Mentorship of Chinese American Librarians and Library Information Science Students. The result will be announced at ALA conference in June.
Regardless of getting funded or not, this research project will serve a great advantage to the CALA Mentorship Program. Submitted by Rosa Hsu (Chair)

CALA 2006 Candidates’ Biographies and Statements

CALA Vice-President/President-Elect (2007-2008)

Sha-Li Zhang: Assistant Director for Collections and Technical Services, 2005 – present, University of North Carolina Greensboro. Education: Ph. D. in education at Kansas State University, MLS at University of Tennessee, and B.A. at Lanzhou University, P.R. China. CALA and Other Professional Activities: I have worked at several academic libraries where I made significant contributions to the library programs and services at these institutions. I have continued excellent service on various committees of ALA since 1988, including my election for a three-year term (2204-2007) to the ALA Councilor-at-Large and election for Treasurer/Secretary for two terms of the ALA’s International Relations Round Table. Additionally, I chaired numerous committees on IRC, IRRT, and ALCTS Acquisitions Section. I have been active and served on leadership positions at the regional and state library association, including the Mountain Plains Library Association, Kansas Library Association, and North Carolina Library Association. My services for CALA in the past ten years included: Chair of the International Relations Committee, Chair of By-laws Committee, Co-Chair of the CALA Award Committee, Chair of CALA Scholarship Committee, Chair of CALA Publications Committee, CALA Newsletter Editor, and an elected CALA Board of Directors for two terms. I have contributed more than twenty articles appearing in American Libraries, College & Research Libraries (C&RL), Journal of Academic Libraries (JAL), Journal of Library and Information Science, Journal of Library Science in China, Library Collections, Acquisitions, & Technical Services (LCATS), Library Trends, Library Journal, and other journals. My editorship of International Leads (2000-2004) has ensured the timely reports on ALA members’ professional activities in the international arena. My translations on an article exchange project between C&RL and JAL in 1998-2002 have enhanced exchanges of best library practices among librarians in both China and U.S.

Candidate Statement: As a professional organization, CALA has effectively represented Chinese American librarians to promote better communications and understanding with other professional associations within ALA. It is important that we be active and involved in discussions and actions on issues that are of concern to our organization. CALA as a professional
organization has also provided a platform for many of us to be involved and to be active on a large scale of library organizations such as ALA. I have benefited tremendously from support of CALA in my professional growth.

Working with many CALA members, board of directors, committee chairs and chapter presidents in the past years, I have seen in first-hand that many of our members have been actively involved, participated, and contributed to the projects that have promoted this organization. CALA has much increased its visibility within ALA and beyond. In the rapidly changing environment brought forth by new information technology and global information infrastructures, CALA will continue to play an important role to take actions, to address issues confronting us, and to work closely with other library organizations to reach our common goals. To be elected as a member of CALA Vice-President/President-Elect will allow me to continue to help accomplish CALA’s goals in a substantive way. If elected, I will devote my time, energy, and effort to help CALA with continuing growth of membership, sustaining fundraising activities to support many of CALA’s excellent programs, continuing increasing CALA’s visibility at the national and international scale, and exploring partnership opportunities between CALA and other organizations for programs and services.

In the process I have also made a lot of friends, whom I admire, respect, and learn from. If elected, I will be privileged to continue working with my esteemed colleagues on the Board to make a positive impact on the growth and development of CALA.
Denise Kwan: Reference Librarian at Chicago Public Library. My whole schooling was in French until I came to the US, I had to start all over. At least the community college was cheap enough for me to raise 2 children and go to college in the same time. I had to work at a fast food store and drive a School Bus to start somewhere in this country. After I finished 2 years I went on to transfer to Depaul University to get my Bachelor, and I was also working at IIT. So my MBA was free to me and I was doing both MLS and MBA together. Since working with the Chicago Public Library is no easy task, after 6 years, I am still considered myself as the new kid on the block. Before that I was starting a Business Library for IIT with my Boss, however, after 18 months the library was doing so well that the Law Library wanted us to merger with them, and I left and started my professional librarian in several other public libraries including (Michigan City Public Library, in Indiana). I worked at many, many libraries. As the Media Center Director, I also started a library for Cristo Rey Jesuit High School by negotiating space and resource. There were no one room for the library, I had to use my own laptop and go through classroom to classroom to record all the books, tapes, etc..., finally I got to buy an integrated system for Cataloguing and Circulation. Again, I had to leave because the school cannot pay for a librarian. I am very understanding of all the Administrators and Directors. When all of you came to Chicago for the Award Banquet during ALA Conference, my life membership of CALA got me into serving on the local committee member. It was very nice to meet all of you. This year, I am serving on the new Book Award committee. As ALA COD committee member, I feel that our responsibilities are increasing.

Candidate Statement: One good reason for me to run for the CALA Board of Directors is to help new comers to learn the rope and also to release some of the pressure on our predecessors, most of them have been serving for a long, long time. I am going to do my best to fulfill my duties as CALA Board Director, if elected. I also believe that CALA is gaining more and more strength by carefully chosen our directions to the future.

Candidate Statement: Since I was first involved in CALA, I have felt the sense of pride in what the association has been able to achieve. CALA members serve in ALA at all levels, and their contributions are widely appreciated and recognized. The Board of Directors and the Executive Committee have worked diligently to foster a supportive environment for CALA members. I am also pleased with CALA's assertive approach in making its members seen as well as heard. I look forward to the opportunity for serving our members through service on the Board. When elected, I would like to join forces with other board members to:

1. pursue CALA's membership growth & retention;
2. continue effective strategic planning in advancing CALA's involvement in ALA at all levels;
3. maintain a strong and effective communication mechanism so that CALA members can be best heard & served;
4. involve effectively in the mentor program to systematically provide new members with orientation, guidance, and resources.

Public Relations/Fund-Raising Committee

Publicity was made of the CALA Annual Program and banquet at the American Library Association’s 2005 Annual Conference in Chicago, which included the distribution of awards to Susanna Liu and Esther Lee. The banquet drew the attendance of the current ALA President and the ALA President-Elect. The event was a big success.

The Committee members supported their respective Chapters in fundraising for the upcoming Joint Conference for Librarians of Color, to be held in Dallas, Texas, October 11-15, 2006. The Northeast Chapter sold all of the 225 raffle tickets given. Ticket price was $5.00 per ticket or $20.00 for 5 tickets.

The Committee will concentrate in more fundraising, especially in garnering more advertisements for the upcoming annual CALA Membership Directory.

Web Advisory Committee

Activities engaged in current report period

- Revised the committee charge due to the transition from Ad Hoc Web Advisory Committee to Web Committee
- Conducted research and survey on possible commercial web hosting for CALA Web
- Suggested additions to CALA Constitution and Bylaw

I. Revised Committee Charge

History: Established as Web Advisory Ad Hoc Committee at the suggestion of CALA’s President (04/05) and approved by the CALA Board as Web Committee at the ALA Annual Meeting in June, 2005, the Committee consists of six members. The Committee Chair appointed by the CALA President serves as the CALA Web Master for a three-year term.

Charge: The Web Committee is responsible for the continuous development and refinement of the CALA Website. The Website is the primary interface for locating information about CALA and for providing CALA-related services to CALA members and the general public. The Committee is charged with developing, reviewing and recommending to the CALA Board, the Association’s policies for the CALA Website; advising the Association on priorities and strategies that promote utilization and continued development of the CALA Website; recommending development standards and style guidelines for the CALA Website; advising the CALA Web Master responsible for implementing such policies and guidelines; gathering and analyzing user comments and other pertinent data on usage and services; providing an ongoing channel for member communication by working closely with other committees of the Association; making recommendations concerning technical or business issues and changes to the CALA Website, including evaluating, testing and implementing Web-based products and services used by CALA members or by the public.

Web Master: In cooperation with the CALA Board, the President, and the Association’s committees, the Web Master is responsible for implementing the Association’s Web policies and guidelines, leading the Web Committee in updating CALA Website’s content and posting materials to the site. The Web Master handles routine maintenance tasks.

II. Research and Survey on Possible Commercial Web Hosting Services for CALA Web
A thorough research and survey was completed during this time period to identify possible commercial Web hosting services for CALA Web. It has become necessary to transfer the CALA Website hosting from Whiteclouds to a commercial Web hosting service for the following reasons:

- The access of the Whiteclouds hosting server is limited to only a single person;
- The need for the Website’s redesign calls for access by multiple people, such as chapter webmasters;
- More functionalities are required.

5. Dave Wang, Hollis Community Library Manager at the Queens Borough Public Library, together with other CALA members and Chinese American librarians and staff, has put up an exhibition called “**Ben Franklin & China Exhibit: 300th Birthday Fete!**” at the Hollis Community Library, displaying Franklin’s Gazette, letters, diary, autobiography, which show how he drew virtues and technologies from Chinese civilization and applied them to U.S.A. in its infancy. One might feel surprised to know that Franklin wrote the paper “From Confucius Moral Philosophy” and had it published in the widely circulated weekly newspaper edited by him in the colonial North America in the year of 1737. Two hundred and sixty years ago Franklin told his fellow colonists that Confucius moral philosophy was “the gate through which it is necessary to pass to arrive at the sublimest wisdom and most perfect.” It is believed that Franklin’s essay reflected his own attempt at using Confucius’ teaching to purify his and others’ morals in North America. The exhibition is from now to June 30. It aims to introduce to Americans the concept of the influence of Chinese culture had on Franklin during the time when we celebrate Ben’s 300th birthday. The exhibition has won acclaims from many major US media. Thanks, Dave, for your efforts to introduce the Chinese culture to the American people!
